Math Support Teacher & Tutor (Part-Time)

Job Title: Math Support Teacher & Tutor
Reports to: Head of Lower School & Director of Academic Support
Focus: Grades 1–4 Math Support & Grades 5–9 Math Tutoring
Summary: Provide targeted mathematics support to Lower School students (Grades 1–4) in partnership with classroom teachers, alongside individualized math tutoring for Upper Campus students (Grades 5–9).

Responsibilities

- **Lower Campus Support (Grades 1–4):** Deliver small-group and individual instruction for both foundational remediation and advanced enrichment. Collaborate with classroom teachers to align interventions, adjust groupings based on student progress, and communicate updates to the Head of Lower School
- **Upper Campus Tutoring (Grades 5–9):** Provide one-on-one instruction in arithmetic, pre-algebra, algebra, and geometry. Address learning gaps, support daily homework and test prep, build strong study habits, and document progress for teachers and parents
- **Student Environment:** Foster a patient, supportive atmosphere that builds mathematical confidence, curiosity, and perseverance

Qualifications

- Experience teaching or tutoring elementary and middle school youth (Grades 1–4 teaching experience preferred)
- Strong grasp of math concepts from foundational numeracy through Algebra I and Geometry, with the ability to break complex ideas into clear steps and differentiate instruction
- Collaborative, flexible, and reliable communicator
- Associate's or bachelor's degree in education, mathematics, or a related field preferred
- Ability to pass a standard school background check
